Congratulations to the players on such a rewarding game on Saturday, you have all improved in so many areas as a team.

But we still have a long way to go with our game plan, the great thing we are taking small steps forward all the time with our training, games and on and off the field very happy in the way we are going forward as a unit, as I said Saturday my best player for Saturday was the (Team). Lardy

TEAM RED

If you were looking for inspiration on the weekend, then you certainly found it if you were privileged enough to watch our Yr3 Red Team battle it out against one of the heavyweights of the competition in South Perth! Our Team were sensational in every aspect of the game and should be extremely proud of how they carried themselves for the entirety of the game. Our skills are certainly improving, as is our team work and every game we're putting more and more set passages of play into practice. Well done to everyone for a fantastic effort.

Home v Thornlie Green

The team backed up last weeks big win against Queens Park with another sound win against Thornlie Green.

A scrappy fist half saw Belmont leading 4 goals to one goal at half time. Straight shooting on goal was the highlight. Goals came from Chris, Declan showing his soccer skills and two from Jesse, one an assist from Declan and the second from a tackle leading to a turnover. Missing Caleb and Kyan through injury saw Nick ruck throughout the game and Harry, Leo, Jhy and Kyle running through the midfield.

The second half showed a more determined effort and we get Thornlie scoreless whilst scoring 5.9, leaving our kicking boots in the change room. A good defensive effort lead by Dalton, Sam, Andrew and others get Thornlie at bay whilst Will scored 3 goals, Jesse got his third and Chris his second to round off the goal scoring. Final scored 9.9 to 1.0.

This week we need to see a more professional attitude on the training track and to follow the instruction of Treant and his assistants. We have some tough games coming up starting with Gosnells at 9am at Sutherlands Oval this Sunday.

YEAR 8'S

Coach: **Darren Byng**
Assistant Coach: **Ian McPherson**

We came up against a tough opponent this week against Lynwood/Ferndale and up to half time were beaten physically, getting numbers to the contested ball and on the scoreboard. Challenged at half time to give a greater team effort and look after each other out on the ground we improved greatly in the second half. Pleasing to see that we matched it with them in the last quarter when the easy option would have been to give up and just play the game out. If we are able to recognise and learn from our mistakes we will continue to improve as a team. Looking forward to a good week on the track and a better four quarter effort next week. Darren & Ian

YEAR 11'S

Coach: **Brad**
Assistant Coach: **John Ottoway**
Manager: **Karen Thomas**

Sunday's game produced a blistering first quarter something we have talked about and really improved this year in most of our games setting up a good win with some real positives

A few things to work on but looking forward to Friday night's game against Ellenbrook see you at TRAINING
