Another Perth winter's day! The Sun was shining and the cold snapped at the warm breath of players and parents as they kicked the dew of Sutherlands oval.

Huntingdale have always had a slight edge over us on all levels of footy and circumstances have always favoured them for solid wins. But Saturday was our day with commendable football played by the entire team.

The boys raised their own bar every time Huntingdale gathered momentum. They put pressure around the stoppage, they played the open field kick mark kick mark and they remained aggressive at the contested football across a brilliant four quarter effort.

What can't go unmentioned is Domenic's Domination (that's going to stick), Jake's two goal snaps, Krystal's two solid marks, Josh Separating packs, Cody and Caleb H strong defence, and Deacon, Tyson, Koby, Phoenix and Noah directing traffic up the field. Captain was Connor Lang.

Thank you to the parent volunteers that day and the terrific encouraging support of the parents from the sidelines. Rob Sant, Coach

Year 3 Black were on fire this weekend with an outstanding effort against Kenwick Royals. It was a hard, rough game and the boys really showed their metal in producing a great win. It was an all-out team effort and the boys managed to lock the ball in at our end for the majority of the game. Best on ground and by far the most improved this week goes to Hamish Deakin for his excellent focus on the ball and great attacking and defensive work, well done Hamish keep up the good work. And well done boys it was your best game so far this year, let's do the same again next week... Mick Tanner & Gawain Osbourne

YEAR 4'S

Coach: Geoff Tilbee
Assistant Coach: Leigh Searle
Manager: Annette Johns

This week the kids played away at Thornlie. It was an exciting game which could have gone either way. Unfortunately it wasn't our day, but a great effort put in by all. Thornlie, the home team walked away with a 2 goal win.

Saturday's game was a funny one to coach...1st quarter very average but we were staying with them.

2nd quarter not good...we focused on straight line kicking on the same side for the whole quarter, very flat footed. I changed the full structure of the team, we had players playing back that would normally be forward and same with the back line.

We started playing good attacking football, last quarter we balanced the team all over the field, it was the best quarter of the Game by far, we were 23 points down at half time and won by 1 point, all we did was run with the ball, push the ball through the corridor, turned our heads and moved our legs.

Congratulations guys on the win, you have learnt through Saturday's game, you need to keep pushing forward even if not playing your best football. Keep working hard to improve your game as individuals and a team. Lastly we need to play as a team and bring all the players into the game. Well done on your win Guys.

Lardy.
