Eftpos available

YEAR 4'S

Coach: **Geoff Tilbee**
Assistant Coach: **Leigh Searle**
Manager: **Annette Johns**

TEAM RED

The kids took on Huntingdale this week away from home and played extremely well under in the cold and wet. In a exciting game our kids took the lead early and maintained it through out, Huntingdale did closed the gap in the last quarter but our kids held on to take the lead. Well done to everyone.

YEAR 3'S

Coach: **Jason Schmelzkopf**
Manager: **Andrea Bellis**

TEAM RED, NO REPORT

Coach: **Michael Tanner** | Assistant Coach: **Gwain Osbourne** Manager: **Lorena Alfonsio-Tanner**

TEAM BLACK

Year 3 Black was away versing the Gosnells Hawks this week. The boys missed a few opportunities in the forward line this week. The Gosnells defensive and attacking work was impressive to watch, and eventually got them over the line in the last quarter. The standouts this week for our boys were Logan Moore & Kyan Moterosso, both boys took on the game this week attacking the ball and tackling the opposition. Well done boys!
Mick Tanner & Gawain Osbourne

YEAR 5'S

Coach: **Rob Sant**
Assistant Coach: **Steve Temby**

Match report for Year Fives against Thornlie green,

History with Thornlie was always telling us that Saturdays game would only be won with a well-structured defence to return their long kicks.

A marking competition to remain in control of our attack. The cleanest hands to execute a fast moving ball up the field. And an overwhelming pressure at the stoppage to halt them taking off.

So a huge congratulations goes to the boys for our first win over Thornlie in a tough-fought match.

Well done to Kenji for captaining the team.

Special mention to Charlie's marking tally and the most courageous mark I've seen by Phoenix.

Goal kickers: Cody, Jake, Ethan, Deacon, Koby, Phoenix, Caleb F, and Harry. Thanks to Sean and Mark for running the bench and all the volunteers on the day. Rob Sant

YEAR 7'S

Coach: **Trent McDougall**
Assistant Coach: **Garry Clegg**
Manager: **Andrea Primerano**

Home v Redcliffe

This week saw a bright sunny morning for our game against local rivals Redcliffe. This was a big change from previous week at Lynwood where the rain and water on ground made the game feel like more like water polo.

As with a local derby it was a tight, closely contested 1st quarter with one of our Year 6 imports, Liam, kicking the only goal of the quarter. The second quarter saw the team pick up their game and keep Redcliffe scoreless while we added goals from Declan, Leo and Will to lead 4.5 to 0.1 at HT.

Another tight 3rd quarter with both teams scoring one goal each, our goal coming from ever reliable Dalton enjoying a run up front. Belmont then finished with a further 4 goals in last quarter, from Andrew, Will with 2 goals and Declan scoring a second for the game. Final score 9.9 to 1.1, a great boost as we move towards the finals.

Highlights of the game was the strong marking and leading throughout the team, the great contribution from the year 6 players, Liam, Tyler, Paige and Brandon showing the great club spirit evident with the Club, and good percentage boost.

This week we have a bye, but there are pizzas after training Friday, with out Final Game at Victoria Park the following week. Lets all be there for training so we can finish off strongly and be ready for a big Finals campaign

YEAR 11'S

Coach: **Brad**
Assistant Coach: **John Ottoway**
Manager: **Karen Thomas**

When you do the wins hard they mean a lot more and the last two weeks with no rotations having the bare 18 at this level against two of the best sides in the completion is astounding

To keep on producing against the odds and take on every challenge the way the group have it no wonder everyone associated with the side speak so highly of them

Brad, John, Karen and Charlie

YEAR 6'S

Coach: **Paul McGarth**
Assistant Coach: **Jeff Mullen**
Manager: **Leanne Taylor**

Just a quick one on the game, with the development side of football or any sport, is that you learn how to play at a good level every week.

That is hard for any team at most levels, and that's what happened to us Kenwick came to play we went through the motions, we certainly tried hard but with no reward for effort, the good thing with this its part of your development in learning to switch on before and during the game.

Lets see if we can turn it around this week with our mind set on the game, and through out the game, the good part of this is the team is learning all the time in the development of your game.

THANK YOU TO OUR SPONSORS
